General Information

<School Management Philosophy>

The word "Tsunagu", which is used in the name of our school, means a community that connects hands, hearts, and smiles. A proverb "It takes a village to raise a child" explains our philosophy well. We believe children grow with great love and support from everyone around them. We work with family members, neighbors, the government, and communities to provide childcare.

<Educational Goals>

1. Be Healthy
2. Be Caring
3. Be Active Thinker

<Childcare Methods>

- ★ Provide childcare based on an understanding of the child's life at home and in the community.
- ★ Respect the rhythm of the child's life and create an environment that is healthy, safe, and emotionally stable.
- ★ Understand child development and care for children according to their individual development.
- ★ Foster social skills to respect and create better relationships with others.
- ★ Support children to be proactive and independent.
- ★ Work with guardians to support children's growth together.
